## REMARKS

Applicant respectfully requests that the name of the inventor be corrected prior to issuance of the patent.

The name of the inventor is misspelled on the Notice of Allowance and on other documents received from the Examiner, and also as noted on the PAIR site.

Applicant respectfully requests that the name of the inventor appear as follows:

Eldon H. Nyhart, Jr.

In particular, the name of the inventor is wrong in the following respects:

1. There should be a comma (,) and blank ( ) space separating "Nyhart" from "Jr."
2. The suffix of the inventor's name should be --Jr.-- . On the current Notice of Allowance the "r" is a capital letter.
3. On the PAIR site there are at least 2 errors:
  - a. The middle initial "H" should be inserted.
  - b. The suffix ", Jr." should be inserted after the last name.

Applicant brings to the attention of the Examiner U.S. Patent No. 6,738,661 B1, which is the parent of this divisional application. The entities including name, address, and assignee appearing in the published '661 patent were correct for the aspects directed to herein and should be cited as a source publishing example and guidance. Applicant commends the Examiner on remedying adequately similar prior circumstances during patent publication.

Respectfully Submitted,

By
